

# ERIC MARTIN FELTHAM

✉ eric.feltham@aya.yale.edu | 🆔 0000-0001-8080-7119 | 🌐 emfeltham | 🐙 emfeltham.github.io

Last updated: August 2026

## EMPLOYMENT

### Data Science Institute Postdoctoral Fellow

Columbia University

Sept. 2024–Present

New York, NY

### Postdoctoral Associate

Yale Institute for Network Science and Department of Sociology, Yale University

June 2023–Aug. 2024

New Haven, CT

## EDUCATION

### Ph.D., Sociology, Yale University (with Distinction)

May 2023

Dissertation: “Cognizing Social Networks”

New Haven, CT

Committee: Drs. Nicholas Christakis (chair), Emily Erikson, Laura Forastiere, Ifat Levy

Winner of the 2024 Marvin B. Sussman Dissertation Prize from Yale University

### M.A., Statistics, Yale University

2018

New Haven, CT

### B.A., Philosophy; B.A., Economics, University of Massachusetts Amherst

2013

*magna cum laude*, Phi Beta Kappa

Amherst, MA

## RESEARCH INTERESTS

Social networks and network cognition; social perception and beliefs about others; groups and intergroup boundaries; computational social science; experimental methods and causal inference

## PUBLICATIONS

### PEER-REVIEWED ARTICLES

**Eric Feltham**, Laura Forastiere, and Nicholas Christakis. “Cognitive representations of social networks in isolated villages”. *Nature Human Behaviour* 9, 1737–1753 (2025). <https://doi.org/10.1038/s41562-025-02221-6>

- Selected for a “Research Briefing” feature by *Nature Human Behaviour*. <https://doi.org/10.1038/s41562-025-02222-5>
- Featured in Phys.org (“Biases shape how people mentally represent social ties in their community, study suggests”, June 2025)

**Eric Feltham**, Laura Forastiere, Marcus Alexander, Nicholas Christakis. “Mass gatherings for political expression had no discernible association with the local course of the COVID-19 pandemic in the USA in 2020 and 2021”. *Nature Human Behaviour* 7, 1708–1728 (2023). <https://doi.org/10.1038/s41562-023-01654-1>

- Featured in *FiveThirtyEight*.

Philipp Homan, Ifat Levy, **Eric Feltham**, Charles Gordon, Jingchu Hu, Jian Li, Robert H. Pietrzak, Steven Southwick, John H. Krystal, Ilan Harpaz-Rotem, Daniela Schiller. “Neural computations of threat in the aftermath of combat trauma”. *Nature Neuroscience* 22, 470–476 (2019). <https://doi.org/10.1038/s41593-018-0315-x>

### BOOK CHAPTERS

Emily Erikson and **Eric Feltham**. “Structure”. In *Research Handbook on Analytical Sociology*. Cheltenham, UK: Edward Elgar Publishing (2021).

Emily Erikson and **Eric Feltham**. “Historical Network Research”. In *Oxford Handbook of Social Networks*. New York: Oxford UP (2020). <https://doi.org/10.1093/oxfordhb/9780190251765.001.0001>

## WORKING PAPERS

---

**Eric Feltham** and Nicholas Christakis. “Cognitive Expectations of Homophily in Village Social Networks”. Under review. SocArXiv preprint (2026). [https://osf.io/preprints/socarxiv/z4nyq\\_v2](https://osf.io/preprints/socarxiv/z4nyq_v2)

**Eric Feltham**. “FormulaCompiler.jl and Margins.jl: Efficient Marginal Effects in Julia”. Under review. arXiv preprint (2026). <https://arxiv.org/abs/2601.07065>

**Eric Feltham**. “Signal Degradation without Convergence: Scale Relevance and Partisan Boundary Investment”. (draft available upon request)

**Eric Feltham**. “The Fall of White Americans’ Implicit Racial Bias Split in 2016 Along the Geography of Manufacturing Decline”. (draft available upon request)

**Eric Feltham** and Nicholas Christakis. “Seeing Structure Similarly”. (draft available upon request)

## RESEARCH IN PROGRESS

---

**Eric Feltham**. “The Social and Cultural Context of Social Network Cognition”.

**Eric Feltham**, Laura Forastiere, Johan Ugander, and Nicholas Christakis. “Off-Policy Evaluation with Cognitive Social Structures”.

**Eric Feltham** and Nicholas Christakis. “The Networked Climate Game”.

**Eric Feltham**. “Off the Party Menu: Beliefs and Within-Party Hostility, 1972–2024”.

Dominik Duell, **Eric Feltham**, Nicholas Christakis. “Revolutions *in silico*”.

**Eric Feltham**. “TSCSMETHODS.jl: Extended Matching for Generalized Difference-in-Differences with Time-Series Cross-Sectional Data”.

## GRANTS

---

**National Institutes of Health, The National Institute on Aging and the Office of Behavioral and Social Sciences Research** 2022

Research Grant (R01), “Characterizing Individuals’ Cognitive Maps of their Village Social Networks”

- Award: \$3,226,809 over 4 years. PI: Dr. Nicholas Christakis. Role: lead author of proposal, research design, and analysis plan.

**Robert Wood Johnson Foundation** 2020

“Assessing the Hazard of Elections During the COVID-19 Pandemic”

- Award: \$350,000. PI: Dr. Nicholas Christakis. Role: lead author of proposal, research design, and analysis plan.

## HONORS AND AWARDS

---

**Sussman Prize for best dissertation in the past two years** 2024

Yale Department of Sociology, New Haven, CT

**Commonwealth Honors College Scholar with Greatest Distinction** 2013

University of Massachusetts Amherst, Amherst, MA

## INVITED TALKS

---

### “Cognizing Social Networks”

- **Santa Fe Institute**, April 2026
- **Stanford Graduate School of Business**, Organizational Behavior Area, November 2025
- **Harvard University**, Department of Psychology (Cognition, Brain, Behavior Seminar), September 2025
- **Yale University**, Department of Sociology (Sussman Award Lecture), May 2025

### OTHER TALKS

- **Yale University**, Human Nature Lab — “Expecting Homophily”, January 2026
- **University of Iowa**, Department of Sociology (Social Networks Workshop) — “Cognizing Social Networks”, November 2023
- **Yale University**, Center for Empirical Research on Stratification and Inequality — “Modeling the Effect of Identity on Polarization”, January 2019
- **Yale Institute for Network Science** — “Experiments on Observational Learning”, August 2018

## CONFERENCE PRESENTATIONS

---

### “Cognizing Social Networks”

- International Conference on Computational Social Science, Norrköping, Sweden, July 2025
- Annual Meeting of the American Sociological Association (Sections on Social Psychology and Mathematical Sociology), Montréal, QC, August 2024
- Duality@50: Making progress and looking forward, ETH Zürich, Ascona, Switzerland, April 2024
- Implementation and Dissemination Science Workshop, Copán, Honduras, June 2023

### “Expecting Homophily”

- Annual Meeting of the American Sociological Association (Sections on Social Psychology and Mathematical Sociology), New York City, August 2026
- International Conference on Computational Social Science, Burlington, VT, July 2026
- Annual Conference of the International Network for Social Network Analysis (Sunbelt 2026), Daytona Beach, FL, June 2026
- International Conference on Network Science (NetSci 2026), Boston, MA, June 2026
- Annual Conference of the International Network of Analytical Sociology, Columbia University, June 2025

Megha Chawla, Philipp Homan, Charles Gordon, **Eric Feltham**, Daniela Schiller, Ilan Harpaz-Rotem, Ifat Levy. “**Cortical thickness and volume of the right posterior parietal cortex predict individual learning rate in healthy adults**”

- Society for Neuroscience, San Diego, CA, 2018

## SOFTWARE

---

TSCSMETHODS.jl (sole author)

- Performs nonparametric generalized difference-in-differences estimation, with covariate matching

FormulaCompiler.jl (sole author)

- Provides a unified, typed compilation framework for statistical model formulas in Julia

Margins.jl (sole author)

- Computes marginal effects for generalized linear models and mixed models

SamplingPerceivedNetworks.jl (sole author)

- Implements a sampling procedure for “cognitive social structures” data collection

## BOOK PROJECT

---

“Cognizing Social Networks” (working title). Manuscript in preparation; proposal under review.

## OTHER WRITING

---

“Social network cognition among isolated villagers reveals distinct patterns of bias”. *Nature Human Behaviour Research Briefing* (June 2025). (Invited contribution by Nature Human Behaviour)

**Eric Feltham** and Nicholas Christakis. “Rapid research with a pandemic bearing down: Studying the impact of mass gatherings on the course of COVID-19”. *Springer Nature Communities* (2023). (Invited contribution to “Behind the Paper” series for the Springer Nature Social Sciences online community)

**Eric Feltham** and Nicholas Christakis. “Voting In The 2020 Primaries Didn’t Worsen The COVID-19 Pandemic”. *FiveThirtyEight* (2020).

## TEACHING

---

**Teaching interests.** Organizational behavior, social networks, research design and causal inference, computational social science, social theory

**Teaching Fellow**, Yale College, Yale University (2018–2023):

- SOCY 133a, Computers, Networks and Society (Fall 2018)
- SOCY 167b, Social Networks and Society (Spring 2019)
- SOCY 151a, Foundations of Modern Social Theory (Fall 2019)
- SOCY 126b, Health of the Public (Spring 2020)
- SOCY 134a, Sex and Gender in Society (Fall 2021)
- SOCY 152b, Topics in Contemporary Social Theory (Spring 2022)
- SOCY 126a, Health of the Public (Fall 2022)
- SOCY 141b, Sociology of Crime and Deviance (Spring 2023)

## MENTORING

---

- Ashley Oaks (Statistics & Data Science, Yale University, PhD)
- Shriya Muthukumar (Computer Science & Economics, University of Chicago, 2029)
- Aslı Yüksel (Psychology, Swarthmore College, 2026)
- Karen Gao (Computer Science & Psychology, Yale College, 2027)
- Breanna Nguyen (Cognitive Science, Yale College, 2025)
- Kaity Chandrika (Sociology, Yale College, 2025)
- Justice Harasha (Economics & Mathematics, Yale College, 2024)
- Kayla Morgan (Cognitive Science, Yale College, 2024)
- Benjamin Snyder (Economics, Yale College, 2022)

## RESEARCH EXPERIENCE

---

### Graduate Researcher

2016–2023

Yale Institute for Network Science and Human Nature Lab, New Haven, CT

- Designed and led large-scale data collection and analysis efforts on individuals’ perceptions of social network structure with over 10,000 people in 82 villages in rural Honduras
- Developed sampling method for cognitive social structures research design
- Conducted fieldwork in rural Honduras to support data collection and analysis effort for thesis project
- Developed generalized difference-in-differences methodology to estimate the impact of large-scale political gatherings on the spread of COVID-19 in the USA

## Research Fellow

2019

Dr. Emily Erikson, Yale University, New Haven, CT

- Analyzed historical social network data consisting of English economic manuscript writers from the 18th century
- Applied topic modeling to uncover trends in the economic literature over a roughly 200-year period

## Graduate Researcher

2018

University of Chicago, Chicago, IL

- Part of a team on the grant “Social MIND: Social Machine Intelligence for Novel Discovery”, with Drs. James Evans and Michael Franklin of the University of Chicago and Dr. Joshua Tenenbaum of MIT

## Research Assistant

2014–2016

Levy and Harpaz-Rotem Labs, Yale School of Medicine, New Haven, CT

## Research Assistant

2014

Schiller Affective Neuroscience Lab, Icahn School of Medicine at Mount Sinai, New York, NY

## PROFESSIONAL SERVICE

---

**Memberships.** American Sociological Association; International Network for Social Network Analysis

**Ad hoc reviews.** Proceedings of the National Academy of Sciences of the United States of America; PNAS Nexus; Sociological Science; Risk Analysis; Policy Analysis; Group Processes & Intergroup Relations; Rationality and Society; Yale Undergraduate Research Journal

## SKILLS

---

**Programming.** Julia, R, MATLAB, Python. **Languages.** Spanish (basic), French (basic)

## LEADERSHIP & SERVICE

---

### Campaign Coordinator

2010–2011

Students for a Just and Stable Future, Boston, MA

- Built a statewide student climate coalition; contributed to MA climate policy

### Team Leader

2010–2011

Better Future Project, Boston, MA
